The Log Analytics agents won't be supported as of August 31, 2024. Plan to migrate to Azure Monitor Agent prior to this date. If you've already installed Azure Monitor Agent, make sure to create and associate data collection rules to the agents.

Collect Windows event log data from standard logs, like System and Application, or add custom logs created by applications you need to monitor. Learn more

+ Add windows event log

powers

Log name	Error	Warning	Information
